Thanks to Gary, Barb, Lisa, Joey, Stephanie, and Judy for all the work!!! The bathroom floors and kitchen have been painted by Al's Drywall Service. The walls have been painted by Lisa, Stephanie, and Judy. It is a great start to getting the clubhouse up to par!! Thanks to everyone who has put some work into it. It looks GREAT!!! Your Opinion is Needed: A CST Club Member has brought up the issue to change the name of the club. They feel that it is a new beginning for the club. The name change is not that difficult but must be decided on by the entire club. Your opinion is greatly appreciated. This name change will be voted upon at the end of the year to take effect for next year. The following suggestion were mentioned:

1. Keep the name as is with no changes
2. Retain the name and place DBA with the new name

Please let the board know what your opinion is. You can email or send in your opinion to the club. Please email the secretary at anitalafond@aol.com.

Riding Safely in an Arena or Ring

1. ***Left shoulder to Left Shoulder:** Riders should try to ride in the same direction. If this isn't possible then the left shoulder to left shoulder rule should apply. (Some European countries ride right shoulder to right shoulder.)
2. ***Slow on the Inside, Fast on the Outside:** Slower riders should ride on the inside track including those doing schooling such as lateral work etc... Riders working at a faster pace such as a lope or canter should stay on the outside track.
3. ***Announce Your Intentions:** Tell the other riders what you plan to do: "passing on your left", "jumping fence 3", "leaving arena", "entering arena".
4. ***No Lunging:** No lunging while riding.
5. ***Mount Out of the Way:** Mount and dismount in the center--not on the track.
6. ***Work Together:** Users should be doing similar things: i.e. jumping, flat work, if at all possible. And even though the rule is left shoulder to left shoulder understand it isn't always possible. Be generous with right-of-way
7. ***Cue Quietly:** Voice commands, kissing, smooching to cue your horse should be done quietly and away from other horses. Accidentally cueing another person's horse as you ride along side them could cause problems.
8. ***Clean Up:** Clean up the arena after use. Clear out manure, put away jumps, trotting poles or pylons. Leave it the way you found it or better.
9. ***Follow Posted Rules:** Most arena owners have rules posted. Follow them.
10. ***Keep A Horse Length Between:** Don't crowd other riders and keep at least a horse length between you and the horse in front of you. This keeps you at a safe distance from being kicked. Also when there are riders working on both the inside and outside track, leave enough passing room that one horse isn't able to bite or kick at the horse on the other track.
11. ***No Smoking:** Smoking in an arena or stable is a dangerous fire hazard.
12. ***All Horses Under Control:** There should be no loose horses in the arena while others are riding.
13. ***In Case of Emergency:** Know where the nearest phone and emergency number and first aid kit are.
14. ***Don't Allow Escapes:** Keep all doors or gates closed. A horse could bolt through an open door into a low ceilinged stable or down a laneway and cause injury.
15. ***Be Aware:** Be respectful if another is having problems with a horse, is riding a young horse, or is a beginner or timid rider.
16. ***Give Right of Way:** Be generous giving right of way even if it is not technically the correct right of way.
17. ***Don't Ride Alone:** Ride, especially when jumping, with a buddy.
18. ***Don't Get Caught in the Dark:** Be aware in stormy weather at night that electrical outages can happen. Some types of arena lightening can take a long time to come on once the power has gone out leaving you in the dark.
19. ***Don't Get in the Way:** Spectators should stand outside the arena, not along side the track.
20. ***Invite the Dogs After the Ride:** No dogs in the arena with horses and riders. Most stable owners don't welcome other people's dogs anyway.
21. ***Warn of Noisy Doors:** Announce if you are going to open a sliding door as some horses might spook at the noise. Give riders a chance to prepare.
